Deadline for manuscript submissions:
closed (25 September 2023)

Message from the Guest Editors

The consumption of foods contaminated with mycotoxins can lead to adverse health effects. In support of consumer safety, the analysis of mycotoxins is an essential part of regulatory monitoring and surveillance programs. In reality, continuous efforts are still required to improve existing sampling plans, data quality, analytical technologies, and risk assessments. This Special Issue aims to provide a platform for researchers from different countries to share their perspectives, outline challenges, and explore future mycotoxin research directions from their own specific areas.

This Special Issue will comprise original research papers, concise opinion pieces, and comprehensive reviews to help readers keep abreast of the advances, trends, and challenges related to mycotoxin analysis. We hope that this Special Issue will generate interest, discussion, and collaboration opportunities within the international mycotoxin community.

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, Foods has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.
Journal Rank: JCR - Q1 (*Food Science & Technology*) / CiteScore - Q1 (*Health Professions (miscellaneous)*)
