

forecasting

Dear Colleagues,

We are pleased to announce the winner of the *Forecasting* 2022 Best Paper Award. All papers published in *Forecasting* from 1 January 2022 to 31 December 2022 were considered for the award. After a thorough evaluation of the originality and significance of the papers, citations, and downloads, a winner was selected.

2022 BEST PAPER AWARD WINNER

SIMLR: Machine Learning inside the SIR Model for COVID-19 Forecasting

By Roberto Vega, Leonardo Flores and Russell Greiner

Forecasting **2022**, 4(1), 72-94; 10.3390/forecast4010005

The winner will receive CHF 500 and a chance to publish a paper free of charge in *Forecasting* in 2024 after peer review.

Please join us in congratulating the winner of the *Forecasting* 2022 Best Paper Award. We would also like to take this opportunity to thank all of our authors for your continued support of *Forecasting*.
