

forests

Dear Colleagues,

We are pleased to announce the winners of the *Forests* 2022 Outstanding Reviewer Award. The *Forests* Editorial Board and Editorial Team would like to gratefully acknowledge the time and energy dedicated by reviewers in checking the manuscripts submitted to *Forests*. It is due to their efforts that the high quality of the journal and quick turnaround are maintained.

Dr. Petr Pyszko

Department of Biology and Ecology, University of Ostrava, Ostrava, Czech Republic

Research Interests: abrosia gall midges; community ecology; insect diversity; insect microbiome; plant-herbivore interactions.

Dr. Narayan Bhusal

College of Agriculture and Life Science, Seoul National University, Seoul, Korea

Research Interests: plant physiology; plant-water relation; photosynthesis; leaf water potential; sap flow; stem root and leaf anatomy; stress physiology; drought stress; hormonal analysis, waterlogged stress, plant phenology and morphology.

Dr. Vasiliki Kamperidou

Faculty of Forestry and Natural Environment, Aristotle University of Thessaloniki, Thessaloniki, Greece

Research Interests: forest products; wood; preservation; modification; treatment; joint; wooden structures; wood products; biomass chemistry; wood chemistry; wood physics.

Dr. Muhammad Adnan Akram

State Key Laboratory of Grassland Agro-ecosystems (SKLGAE), Lanzhou University, Lanzhou, China

Research Interests: plant ecology; plant ecophysiology; desert ecosystem ecology; leaf functional traits; desert plant ecology; plant convergence and divergence; phylogeny; phylogenetics; heavy metal eco-toxicity; ethnobotany; plant functional traits and their relationship with the environment; plant life-forms, i.e., herbs, shrubs, subshrubs, and trees.

The Prize for Each Winner:

- CHF 500;
- An opportunity to publish a paper free of charge in *Forests* in 2023 after peer review;
- A certificate.
