### Message from the Guest Editors

This Special Issue welcomes studies that consider environmental, social, and economic aspects of forest certification and their influences on sustainable forest management. Articles will focus on research addressing the role forest certification plays in the enhancement of forest resources and their contribution to global carbon cycles, maintenance of forest health and vitality, encouragement of productive and protective functions of forests, conservation of biodiversity, socio-economic influences and forest health, and certification perspectives of stakeholder sectors.

Deadline for manuscript  
submissions:
