Message from the Guest Editors

This Special Issue of *Forests* will present current research from different fields of timber buildings, such as experimental and numerical analysis on the structural stability of multi-story and hybrid timber buildings and structural modeling of composite timber elements, as well as strengthening methods of old timber structures. The second aim of this Special Issue is to emphasize the importance of interdisciplinary and integrative approaches when considering the issue of timber building design. Therefore, topics relating to various architectural aspects of the design of highly attractive timber structures, considering energy efficiency, daylighting, indoor environmental quality, life-cycle assessment, and other parameters, are also welcome.

Editors-in-Chief

Prof. Dr. Cate Macinnis-Ng

Department of Biological Sciences, Faculty of Science, University of Auckland, Private Bag 92019, Auckland 1142, New Zealand

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia, I-25121 Brescia, Italy

Message from the Editorial Board

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access.

Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank: JCR - Q1 (*Forestry*) / CiteScore - Q1 (*Forestry*)
