2. Instituto René Rachou, Fundação Oswaldo Cruz, Belo Horizonte, Brazil

Message from the Guest Editors

Dear Colleagues,

We invite you to contribute your most recent research findings and insights in the form of original research papers, technical advancements, or review articles to this Special Issue of *Genes* entitled “Emerging and Reemerging Viral Pathogens”. In this Special Issue, we aim to provide new genomic data on viral strains circulating worldwide, and to overview the real-time global evolution of viruses.

Dr. Vagner Fonseca

Dr. Marta Giovanetti

Guest Editors

Deadline for manuscript submissions:

Message from the Editor-in-Chief

Genes are central to our understanding of biology, and modern advances such as genomics and genome editing have maintained genetics as a vibrant, diverse and fastmoving field. There is a need for good quality, open access journals in this area, and the *Genes* team aims to provide expert manuscript handling, serious peer review, and rapid publication across the whole discipline of genetics. Starting in 2010, the journal is now well established and recognised.

Why not consider *Genes* for your next genetics paper?

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

Journal Rank: JCR - Q2 (*Genetics & Heredity*) / CiteScore - Q2 (*Genetics*)
