Center, Nashville, TN 37232, USA

Message from the Guest Editor

Dear Colleagues,

I am delighted to edit this Special Issue of Geriatrics focusing on “Responding to the Pandemic: Geriatric Care Models”. I invite you to contribute your innovative work focused on geriatric clinical care and caregiver support across the continuum of care.

Deadline for manuscript
submissions:

closed (10 October 2021)

Potential contributors to this Special Issue may include investigators and participants in innovative models of care such as transitions of care models, telehealth programs, primary care, caregiver support, acute care for elderly units, person centered care, new payment and healthcare policy models, and quality assessment and performance improvement programs. Submissions with data and analyses are particularly welcome. Additionally, thoughtful descriptive proposals of best practices and new approaches to geriatric syndromes as well as the promotion of healthy aging and attitudes regarding aging and society, health policy concerns, and successful team-based and collaborative care models are welcome.

- Geriatric models of care
- Transitions of care
- Caregiver support
- Healthcare access
- Isolation
- Telehealth
- Health Policy

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Our new journal is launched to serve geriatrics specialists and colleagues from other disciplines as an interface between theory and clinical practice. Pushing the boundaries of the discipline, I kindly invite you to consider publishing your current work in *Geriatrics*. We have chosen the format of an open access journal to provide all interested parties with a platform for their basic research and health care studies as well. For details on the submission process or any other matter, please visit the journal website. I hope to handle your contribution to *Geriatrics* soon to publish innovative, relevant, thought provoking ideas.

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), PubMed, PMC, and other databases.

Journal Rank: CiteScore - Q2 (*Health (social science)*)
