Dr. Evangelos Fradelos

Community Nursing Lab, Faculty of Nursing, University of Thessaly, 41500 Larissa, Greece

Deadline for manuscript submissions:

31 May 2024

Message from the Guest Editors

The goal of this Special Issue is to disseminate research evidence on emotional stress experienced by healthcare professionals; on their work-related quality of life; professional relationships in healthcare settings; their emotional well-being; the effect of workload on mental health and on caring behaviors; the ethical climate; and absence from work due to fatigue, burnout or workload. This Special Issue may include healthcare professionals' views on and roles in caring.

Articles from all healthcare environments, such as hospitals, community facilities, acute-care facilities, and long-term care facilities, are welcomed. The study population may include nurses, doctors, physiotherapists, and other healthcare professionals. The articles may be original research papers or systematic reviews. All types of study design will be consider
