Message from the Guest Editors

Dear Colleagues,

The special issue has been organized along with the 35th IEEE CBMS conference and aims to attract submissions both from the conference, as well as from other potential researchers. Research areas may include (but not limited to) the following:

- Biomedical Signal and Image Processing
- Clinical and Healthcare Services Research
- Data Analysis and Visualization
- Data Mining and Machine Learning
- Decision Support and Recommendation Systems
- Healthcare Communication Networks
- Healthcare Data and Knowledge Management
- HCI in Healthcare
- Information Technologies in Healthcare
- Intelligent Medical Devices and Smart Technologies
- Radiomics and Radiogenomics
- Semantics and Knowledge Representation
- Serious Gaming in Healthcare
- Systems Integration and Security
- Technology-enabled Education
- Telemedicine Systems
- Translational Bioinformatics
