Message from the Guest Editor

This Special Issue on maternal and child health will focus on nutrition and metabolic adaptations during pregnancy as its central theme and its effect on maternal and offspring health. Original research findings from all phases of translational research, ranging from epidemiological to experimental and biological models (e.g., epigenome, microbiome) will be considered for publication. Articles can also be reviews, systematic reviews, meta-analyses, opinion pieces, or short communications on current recommendations on nutrition during pregnancy.
