submissions:

closed (30 June 2023)

Message from the Guest Editors

This Special Issue of *Horticulturae* concerning the irrigation of horticultural plants is expected to address such topics as:

- The latest methods and prospects in the irrigation of horticultural plants under field and greenhouse conditions;
- Water deficit management for horticultural crops: irrigation methods, water application rates, irrigation timing, reducing water use;
- Effect of irrigation on the yield and quality of horticultural plants, including nutrients (health-beneficial compound content);
- Fertilisation and feeding of plants in irrigated crops (fertigation);
- Changes in the soil environment resulting from the irrigation of horticultural crops;
- Irrigation and health of horticultural plants;
- Weed infestation in irrigated crops—irrigation methods in relation to weed infestation, effectiveness of herbicides in irrigated crops;
- Modern and innovative irrigation methods—technology, equipment, methods of the assessment of irrigation needs;
- Possibilities of using waste water, sea water, saline water for the irrigation of horticultural plants, methods of desalinating water used in horticulture.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Horticultural plants and their products provide sustenance, health, and beauty. A confluence of factors is putting increasing pressure on horticultural production to evolve, and innovative research is addressing these challenges. *Horticulturae* provides a venue to communicate research results in a rapid manner with open access, allowing everyone the opportunity to stay abreast of leading research addressing horticulture. I invite you to consider publishing the results of your research in this high quality, peer-reviewed journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, FSTA, and other databases.

Journal Rank: JCR - Q1 (*Horticulture*) / CiteScore - Q2 (*Horticulture*)
