

Social, Structural, and Policy Determinants of Maternal and Child Health and Health Inequities

Guest Editors:

Dr. Maeve Wallace

Dr. Rachel Hardeman

Dr. Whitney Rice

Ms. Brigitte Davis

Dr. Dara Mendez

Deadline for manuscript
submissions:

closed (28 February 2021)

Message from the Guest Editors

The health of women and children reflects the health of a nation. This Special Issue seeks manuscripts that identify social, structural, and/or policy determinants of maternal and child health and health inequities. We welcome the submission of manuscripts that explore how maternal and child health outcomes and inequities are part of and inseparable from the contexts in which they occur. We encourage work that moves beyond documenting associations towards demonstrations of how policy can remediate harmful contexts to advance health equity. We especially welcome interdisciplinary work, mixed methodologies, and research that identifies interventions aiming to dismantle the systems that perpetuate racial, socioeconomic, geographic, and other health inequities in maternal and child health.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Public Health, Environmental and Occupational Health*)
