closed (30 September 2022)

Message from the Guest Editor

This Special Issue will explore the many different approaches to the provision of healthcare in rural and remote communities globally, including health workforce development, integrated healthcare, telehealth, technological advancements in health, environmental health, education and training, capacity building in rural communities, health policy, universal health coverage, and Indigenous health. The issue is open to any topic related to rural and remote health.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Public Health, Environmental and Occupational Health*)
