Ben Guerir, Morocco

Message from the Guest Editors

This Special Issue on “Advances in Groundwater Management” invites papers that present recent developments, innovations, and scientific progress in sustainable groundwater management, including the following topics:

- Hydrogeological systems and sustainable groundwater resources management;
- Groundwater vulnerability and risk management;
- Groundwater quality and public health impacts of groundwater contamination;
- Groundwater policy and social aspects of groundwater management.

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Public Health, Environmental and Occupational Health*)
