Dr. Francesco Ferragina

Department of Experimental and
Clinical Medicine, Unit of Oral
and Maxillofacial Surgery,
"Magna Graecia" University,
88100 Catanzaro, Italy

Message from the Guest Editors

The purpose of this Special Issue of *IJERPH* is to collect the greatest number of original articles, case reports, and review articles on recent discoveries in oral and maxillofacial surgery. In particular, we especially encourage young specialists (maxillofacial surgeons, ENT, plastic surgeons, neurosurgeons, neuroradiologists) to submit interdisciplinary work and multi-country collaborative research, as well as narrative and systematic reviews and meta-analyses.

Deadline for manuscript
submissions:

closed (30 September 2021)

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Public Health, Environmental and Occupational Health*)
