Molecular Genetics and Breeding Mechanisms in Domestics Animals

Guest Editor:

Dr. Guiping Zhao
Chinese Academy of Agricultural Sciences, Beijing, China

Deadline for manuscript submissions:
closed (31 August 2023)

Message from the Guest Editor

We invite submissions that discuss the molecular biology, genetics and immunity of domestic animals, placing particular emphasis on the following topics:

- Analysis of molecular mechanisms of character formation based on multiomics;
- Genetic mechanism research about important functional genes in animals;
- New breeding theory based on bio-informatics;
- Effects of microbiota on immune development;
- Molecular interactions between microbial products and host sensors.

Special Issue

Editor-in-Chief

Prof. Dr. Maurizio Battino
Department of Odontostomatologic and Specialized Clinical Sciences, Sez-Biochimica, Faculty of Medicine, Università Politecnica delle Marche, Via Ranieri 65, 60100 Ancona, Italy

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.
Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
