Sciences “A. RossiFanelli”, La  
Sapienza University, 00185 Rome,  
Italy

Deadline for manuscript  
submissions:

**31 August 2024**

### Message from the Guest Editor

Dear Colleagues,

This Special Issue is titled “Latest Advances in Protein-Ligand Interactions”. It will focus on recent studies aimed at investigating protein–ligand interactions with a special aim to elucidate molecular modes of action, the protein targets of drugs, natural compounds, and the cellular pathways involved. Protein–ligand interactions may affect both protein conformation and biological activity. However, knowledge of their molecular targets, their effects on protein structure, and how they can modulate different cellular pathways and functions is lacking for many bioactive compounds. Studies providing such information are welcomed and will help to elucidate the molecular bases for many drug activities and the development of new drugs. All papers will be fully open access upon publication after peer review.

an Open Access Journal by MDPI

## Editor-in-Chief

### **Prof. Dr. Maurizio Battino**

Department of  
Odontostomatologic and  
Specialized Clinical Sciences,  
Sez-Biochimica, Faculty of  
Medicine, Università Politecnica  
delle Marche, Via Ranieri 65,  
60100 Ancona, Italy

## Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
