Dr. T. J. Hollingsworth

Department of Ophthalmology,
College of Medicine, University of
Tennessee Health Science
Center, Memphis, TN 38163, USA

Deadline for manuscript
submissions:

30 September 2024

Message from the Guest Editors

The eye is an excellent model for understanding how the structure and function of ion channels correlate during development, health, and disease. This Special Issue aims to provide a comprehensive overview of the roles ion channels play from the perspective of the eye during development, health, disease, and potential therapeutic targets. This Special Issue welcomes original research papers, reviews, mini-reviews, perspectives, and opinion articles that will provide insights into the novel and existing approaches to:

1. Explore specific roles of ion channels in development, health, and disease.
2. Novel approaches to study the structure and function of ion channels.
3. Current understanding of channelopathies and drug development.
4. Studies in all animal species and models of retinal diseases are welcome, as are comparative studies across animal models.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Maurizio Battino

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
