Italy

Deadline for manuscript
submissions:

closed (30 June 2022)

Message from the Guest Editor

Dear Colleagues,

This Special Issue of Old and New Players in Inflammatory Disorders is dedicated to the memory of Dr. Nadia Ferlazzo. Inflammation participates in host defenses against infectious agents and injury, but it also contributes to the development of many diseases that collectively represent the leading causes of disability and mortality worldwide. The mechanisms underlying the inflammatory regulation of these disorders are not fully understood. The interplay of cells involved in the immune system and inflammatory mediators orchestrates molecular pathways that contribute to tissue injury, oxidative stress, remodeling of the extracellular matrix, angiogenesis, and fibrosis in target tissues.

This Special Issue “Old and New Players in Inflammatory Disorders-In Memory of Dr. Nadia Ferlazzo” welcomes original research and review articles in the field, with a focus on but not limited to molecular players in inflammation that hold the potential for making advancements in the management of inflammatory diseases.

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
