Message from the Editors-in- Chief

JAL is devoted to providing high-quality robustly peer-reviewed research in any format, including original articles, critical reviews, case reports, communications and research notes from scholars around the world. We have assembled a highly respected Editorial Board to ensure the future success of the journal by steering its remit and providing constructive reflections on material for publication in *JAL*. The editors, Editorial Board and publisher welcome you to submit your research to the journal and join us as we develop a community of multi-disciplinary researchers. We hope you will consider *JAL* as the journal of choice for your research and look forward to interacting with you to develop the journal as an indispensable vehicle for disseminating your work.

Editors-in-Chief

Prof. Dr. Graham P. Pawelec
Prof. Dr. Mark A. Tully

Aims

Journal of Ageing and Longevity (*JAL* ISSN 2673-9259) is a unique multidisciplinary, scientific, peer-reviewed, open access journal that seeks to unite research on ageing, longevity and gerontology. This journal aims to take a comprehensive and integrative approach to understanding the biological, psychological, clinical, social and environmental factors affecting successful and healthy ageing. It will draw on numerous scientific disciplines such as gerontology, biology, psychology, immunology, physiology, epidemiology and sociology to address the critical and contemporary issues related to ageing and longevity. *JAL* is devoted to providing high-quality research including original articles, critical reviews, case reports and communications from scholars around the world.
