Message from the Guest Editors

Dear Colleagues,

Primary Sjögren's syndrome (pSS) is an autoimmune systemic disease characterized by the destruction of exocrine glands. The lack of saliva and persistent ocular dryness result in increased susceptibility to teeth cavities and corneal damage.

Ultrasonographic assessment may provide an early diagnosis, leading to a focused biopsy, contributing to an early diagnosis. Given the wide spectrum of clinical manifestations and complications, disease diagnosis can often be challenging. From a therapeutic standpoint, there are strategies to alleviate symptoms.

Considering these challenges, we encourage researchers to submit original research articles and reviews focusing on the early diagnosis of the disease and its complications. Additionally, contributions related to novel immunomodulatory therapeutic interventions and symptom relief are welcome for submission.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Medicine, General & Internal*) / CiteScore - Q1 (*General Medicine*)
