Deadline for manuscript
submissions:

24 June 2024

Message from the Guest Editor

In recent decades, there has been a significant increase in available knowledge in the specialty of otorhinolaryngology–head and neck surgery. Namely, there has been remarkable development in medical treatment modalities, surgical techniques, and technology involved in the management of ENT pathologies. Our Special Issue ‘Current and Future Trends in Otorhinolaryngology–Head and Neck Surgery’ aims to provide readers with the latest developments in the field of otorhinolaryngology–head and neck surgery and highlight current and future trends.

We are pleased to invite authors to submit their manuscripts to our Special Issue. We welcome original or review articles and selected case reports related to all aspects of the field of otorhinolaryngology–head and neck surgery including but not limited to oncology, laryngology, rhinology, skull base surgery, sleep-disordered breathing, otology, neurotology, immunotherapy, innovative surgical procedures, robotic surgery, and artificial intelligence.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Medicine, General & Internal*) / CiteScore - Q1 (*General Medicine*)
