Department of Transplantation Surgery, Aristotle University School of Medicine, Thessaloniki, Greece

Deadline for manuscript submissions:

closed (19 February 2023)

Message from the Guest Editors

We would like to invite you, as a prestigious group of leaders in renal transplantation, to participate in this effort by showcasing your work, your experience, and your thoughts. Areas of interest in this Special Issue include:

- 1) Translational research in renal transplantation;
 - 2) Challenges in living donor renal transplantation;
 - 3) The use of extended criteria grafts in renal transplantation;
 - 4) The current status of non-heart beating renal transplantation;
 - 5) Challenges and opportunities with the use of pumps in renal transplantation;
 - 6) Transplant system organizational issues;
 - 7) The effect of the pandemic in renal transplantation;
 - 8) The role of telemedicine and the future of renal transplantation;
 - 9) 3D printing and artificial intelligence in renal transplantation;
 - 10) Newer immunosuppression medications and protocols.
- <false,>All of the above are only some of the possible suggestions. We look forward to hearing from you and working with you in making this Special Issue a key resource of information for our colleagues, thus improving our patients' lives.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Medicine, General & Internal*) / CiteScore - Q1 (*General Medicine*)
