### Message from the Guest Editor

Dear Colleagues,

This Special Issue of the *Journal of Developmental Biology* (*JDB*) represents a collection of papers submitted exclusively by its Editorial Board Members (EBMs), as well as invited papers from relevant experts. By representing different areas of research on developmental biology conducted in the laboratories of its EBMs, this Special Issue introduces *JDB* as a first-class platform for reporting scientific data.

Authors can submit their manuscripts online by registering and logging in to the following website: <https://susy.mdpi.com/user/login>. Accepted papers will be published continuously in the journal (as soon as accepted) and will be listed together on the Special Issue website.

## Message from the Editor-in-Chief

The *Journal of Developmental Biology* (JDB) publishes original research papers and timely reviews. Our primary aim is to provide a platform for the publication of studies on the development of multicellular organisms efficiently and professionally; papers undergo a fast, yet thorough, peer-review process. JDB is an open access journal and accepted contributions are published immediately online, providing unlimited access to the scientific community and general public. We look forward to receiving your contribution to our journal and to working with fellow researchers.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, ESCI (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, and other databases.

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.1 days after submission; acceptance to publication is undertaken in 3.8 days (median values for papers published in this journal in the second half of 2023).
