

Dear Colleagues,

We are pleased to announce the winners of the *JMSE* 2022 Outstanding Reviewer Award. The *JMSE* Editorial Board and Editorial Team would like to gratefully acknowledge the time and energy dedicated by reviewers in checking the manuscripts submitted to *JMSE*. It is due to their efforts that the high quality of the journal and quick turnaround are maintained.

Dr. Mina Tadros

University of Lisbon, Portugal

Research interests: diesel engine; marine propulsion system; optimization; data fitting; fuzzy logic; marine propeller; waste heat recovery; biodiesel; after treatment system

Dr. Mai The Vu

Sejong University, Korea

Research interests: system dynamics; mechatronics; underwater vehicles; automation and robotics; trajectory tracking; path planning; multi-body dynamic modeling

Dr. Chiemela Victor Amaechi

Lancaster University, United Kingdom

Research interests: offshore structures; marine risers; composite riser; structures; marine structures

Dr. Denis Istrati

University of Nevada, USA

Research interests: waves; flooding; tsunami; dam-break; coastal structures; offshore; bridge; pier; debris; damming; wave loads; SPH; ports; wharves; jetties; breakwaters; decks; bores; ocean; CFD; FSI; wave energy converter; hydraulic; hydrodynamic; WEC; flow; floating

Dr. Cagatay Iris

University of Liverpool, United Kingdom

Research interests: transportation and logistics (including freight transportation, next-generation ports, shipping, hinterlands, urban logistics, crowdshipping)

The Prize for Each Winner:

- CHF 500;
- A certificate;
- An opportunity to receive a 50% discount on the normal APC for one paper published in *JMSE* after peer review before the end of 2023.
