### Message from the Guest Editors

Dear Colleagues,

We are pleased to invite you to submit a manuscript for a Special Issue of Languages titled “Adult and Child Sentence Processing When Reading or Writing”.

In this Special Issue, original research articles, reviews, and squib-like articles (no longer than 5000 words) are welcome. Contributions may range from descriptive to formal and experimental approaches, including eye-movements, brain imaging, etc. Comparative studies are strongly encouraged (between populations, languages, reading and writing...) as well as questioning the nature of linguistic mechanisms in production and reception.

We request that interested authors initially submit a proposed title and abstract of approximately 400–600 words, summarizing their intended contribution. Please send it to both the Guest Editors, Georgeta Cislaru ([gcislaru@parisnanterre.fr](mailto:gcislaru@parisnanterre.fr)) and Philippe Martin ([philippe.martin@utoronto.ca](mailto:philippe.martin@utoronto.ca)), as well as to the Languages Editorial Office ([languages@mdpi.com](mailto:languages@mdpi.com)). Abstracts will be reviewed by the Guest Editors for the purposes of ensuring proper fit within the scope of the Special Issue. Full manuscripts will undergo double-blind peer review.
