2. Department of Obstetrics and Gynecology, Tri-Service General Hospital, National Defense Medical Center, Taipei, Taiwan

Deadline for manuscript submissions:

28 June 2024

Message from the Guest Editors

Dear Colleagues,

This Special Issue focuses on the latest developments and advancements in the field of surgical urology. The issue covers a wide range of topics related to surgical urology, including surgical techniques, surgical oncology, robotic-assisted surgery, endourology, uro-oncology, innovative procedures, urolithiasis management, continence surgery, surgical outcomes, and patient care.

The aim of this Special Issue is to provide urologists, surgeons, and researchers with a comprehensive overview of the recent advancements in surgical urology and their potential impact on clinical practice. The articles are written by leading experts in the field, and the issue is expected to be of great interest to anyone involved in the diagnosis and treatment of urological conditions.

Overall, this Special Issue is an important contribution to the field of surgical urology and will help to shape the future of urological research and practice.

Dr. Chih-Wei Tsao
