Message from the Collection Editor

Dear Colleagues,

Highly pathogenic coronavirus SARS-CoV2 infection is spreading worldwide, causing the COVID-19 disease. The wide spread of COVID-19 has had a significant negative impact on many important diseases and human on wellbeing.

Life is committed to the rapid review and publication of research findings and data that could inform the public health response to the coronavirus (COVID-19) pandemic.

This collection proposes to encompass translational approaches in COVID-19 pathology, diagnostics, clinical presentation, risk factors for severe desease, therapeutic target identification and drug development towards patient treatment.

TopicalCollection

Editor-in-Chief

Prof. Dr. Lluís Ribas de Pouplana
Institute for Research in Biomedicine (IRB Barcelona), The Barcelona Institute of Science and Technology, 08028 Barcelona, Spain

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, AGRIS, and other databases.
Journal Rank: JCR - Q2 (*Biology*) / CiteScore - Q2 (*Paleontology*)
