

***machines***

Dear Colleagues,

As Editor-in-Chief of *Machines*, I am pleased to announce the winner of the 2019 Travel Award sponsored by *Machines*. The award was granted to **Mr. Matteo Perini**, Ph.D. student of University of Trento. He will be supported with **800 Swiss Francs** to cover travel expenses of AIV XXIV Conference was held in Giardini Naxos, Italy.

Mr. Matteo Perini's current research focuses on robotics, the latest technologies, programming, CNC machines, artificial intelligence, automation, electronics, climbing, paragliding, and open-source practices. He currently is a researcher in the hybrid repair process with additive technologies, an additive manufacturing expert, a programmer, and an R&D manager.

# 2019 TRAVEL AWARD WINNER

*Machines* is proud to support this young researcher working in the field of machinery and engineering and wishes him further success in his career. We are grateful to all who submitted applications—thank you for letting us get to know you and your work. We hope all of you continue to pay attention to *Machines* in the future.

I would like to congratulate the winner and thank the selection committee for their excellent work in selecting the winner from such a large number of outstanding candidate profiles.

*Hamid Reza Karimi*
