Message from the Guest Editors

Dear Colleagues,

It is my pleasure to invite you to submit a manuscript to a unique Special Issue of the journal *Materials* focusing on the current and innovative uses of building materials in Poland.

Currently, in Poland, various methods of recycling are applied and various materials are used successfully in building construction and civil engineering.

Areas of interest in this edition are:

- Renovating buildings;
- Road pavements;
- Use of recycled materials;
- Addition to base building materials;
- Systems used in the assessment of structures and pavements;
- Modeling and numerical analyses;
- Methods and technologies for object reconstruction considering new and recycled materials.
