Deadline for manuscript submissions: **closed (31 July 2018)**

Message from the Guest Editors

Dear Colleagues,

We are proud to announce this Special Issue, "Nanomaterials and Materials for Translational Research", in Materials (MDPI Editorial; IF: 2.654) devoted to the 3rd International Symposium on Nanoparticles, Nanomaterials and Applications (3rdISN2A-2018).

The conference will be held in Costa de Caparica, Portugal, 22–25 January, 2018. This Special Issue will select excellent papers from the oral (plenary, keynotes, and regular talks) and posters participations, and covers a very wide range of fields in materials and nanomaterials applied in translational research, focusing in environmental, toxicological, and bio-medical applications. We invite investigators to contribute original research articles, as well as review articles, to this Special Issue.

Message from the Editor-in-Chief

Materials (ISSN 1996-1944) was launched in 2008. The iournal covers twenty-five comprehensive biomaterials, energy materials, advanced composites. advanced materials characterization, porous materials, manufacturing processes and systems. nanomaterials and nanotechnology, smart materials, thin films and interfaces, catalytic materials, carbon materials, materials chemistry, materials physics, optics and photonics, corrosion, construction and building materials. materials simulation and design, electronic materials, advanced and functional ceramics and glasses, metals and alloys, soft matter, polymeric materials, quantum materials, mechanics of materials, green materials, general. Materials provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, CaPlus / SciFinder, Inspec, Astrophysics Data System, and other databases.

Journal Rank: JCR - Q2 (*Metallurgy & Metallurgical Engineering*) / CiteScore - Q2 (*Condensed Matter Physics*)
