Management, AGH University of
Krakow, Krakow 30-059, Poland;
Department of Statistics,
Computer Science and
Mathematics, Public University of
Navarre, Pamplona 31006, Spain;
Haas School of Business,
University of California at
Berkeley, Berkeley, CA 94720,
USA.

Dr. Elena Pérez-Bernabeu

Department of Applied Statistics,
Operations Research and Quality,
Universitat Politècnica de
València, 03801 Alcoy, Spain

Message from the Guest Editors

The purpose of this Special Issue is to gather a collection of articles which reflect on the latest developments in mathematical programming methods of operations research for multi-criteria decision-making processes for different fields of multi-criteria optimization approaches, models, applications, and techniques. Submissions are welcome to cover not only multi-criteria theoretical algorithms, but also practical applications in smart cities, logistics, supply chains, cybersecurity, healthcare, amongst other areas.

Deadline for manuscript
submissions:

31 December 2024

Editor-in-Chief

Prof. Dr. Francisco Chiclana

School of Computer Science and
Informatics, De Montfort
University, The Gateway,
Leicester LE1 9BH, UK

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

Journal Rank: JCR - Q1 (*Mathematics*) / CiteScore - Q1 (*General Mathematics*)
