### Message from the Guest Editors

This Special Issue entitled “Evolutionary Computation and Mathematical Programming 2020” intends to collect the recent advances and studies associated with the theoretical development of this field as well as its new applications in engineering and science. All researchers are invited to contribute to this Special Issue with their original research articles, review papers, and short communications. Submitted manuscripts should clearly indicate the contribution of the work and meet high quality standards.

Contributions related to the advancement of metaheuristic optimization algorithms are particularly appreciated.

Deadline for manuscript  
submissions:

**closed (31 March 2021)**

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

**Journal Rank:** JCR - Q1 (*Mathematics*) / CiteScore - Q1 (*General Mathematics*)
