Medical-Surgical and Dental  
Specialties, University of  
Campania, Luigi Vanvitelli, 80138  
Naples, Italy

**Dr. Stefania Moccia**

National Research Council,  
Institute of Food Sciences, 83100  
Avellino, Italy

Deadline for manuscript  
submissions:

**closed (30 July 2023)**

### Message from the Guest Editors

Dear Colleagues,

In the last few years, dentistry has increased its aspects of research and its cooperation with other disciplines.

This Special Issue focuses on the most recent and significant innovations in the dental field, focusing attention on the multidisciplinary, technological, and research aspects as well as how they can be involved in oral health and in clinical dentistry practice.

The applications of new biomaterials and techniques can lead to a significant advance in all of the main dental branches, such as restorative dentistry, prosthodontics, oral surgery, implantology, pediatric dentistry, orthodontics, and temporomandibular disorder patients.

Authors conducting studies on these themes are welcome to submit original research articles, reviews, short communications, case series, and case reports.
