Deadline for manuscript
submissions:

31 December 2024

Message from the Guest Editors

Dear Colleagues,

We are pleased to announce a Special Issue entitled “Computational tools and AI in Design and Micro-Manufacturing” to be published by the MDPI journal *Micromachines*. The aim of this Special Issue is to provide a collection of high-quality research related to the field of design and manufacturing that utilizes computational and artificial intelligence tools. All papers will be fully open access upon publication after peer review.

Potential topics include, but are not limited to:

- Machine learning in design and manufacturing;
- Artificial intelligence in design and manufacturing;
- Computational design;
- Topology optimization;
- CAD/CAM/CAE;
- Finite element analyses;
- Digital manufacturing and cloud-based manufacturing;
- Intelligent machining systems and processes;
- Smart manufacturing processes and smart factories;
- Cyber–physical systems and digital twins;
- Additive manufacturing;
- Computational creativity;
- Smart technology and smart materials;
- Product design;
- IoT.

Editor-in-Chief

Message from the Editor-in-Chief

You are invited to contribute research articles or comprehensive reviews for consideration and publication in *Micromachines* (ISSN 2072-666X). *Micromachines* is published in the open access format. Research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Micromachines* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We are pleased to welcome you as our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Ei Compendex, dblp, and other databases.

Journal Rank: JCR - Q2 (*Chemistry, Analytical*) / CiteScore - Q2 (*Mechanical Engineering*)
