Deadline for manuscript
submissions:

31 May 2024

Message from the Guest Editor

The editorial board of *Molecules* invites you to submit an article to a Special Issue entitled "Strategies of Molecular Targeting in Research of Neglected, Tropical Diseases with Chemical Compounds or Agents".

A pharmacological intervention against increasing drug resistance in these parasites can only be achieved by a combined action of a vaccine or agent of longevity and novel, molecularly targeted research. This molecular research on antimalarial agents involves either small molecules or drugs that inhibit essential pathways for the survival of the parasite, or cytotoxic compounds, which are delivered to the proliferating parasites. An alternative method in molecularly targeted research can also be useful in the improvement of immunity to prevent the spreading of the infection.

Molecules is indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed) and other databases, and has an Impact Factor of 4.6 (2022).

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Reaxys](#), [CaPlus / SciFinder](#), [MarinLit](#), [AGRIS](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Chemistry, Multidisciplinary*) / CiteScore - Q1 (*Chemistry (miscellaneous)*)
