Dear Colleagues,

As Editor-in-Chief of *Nutrients*, I am pleased to announce the winner of the *Nutrients* Travel Award in Phytochemicals and Human Health for 2021.

2021 TRAVEL AWARD WINNER

The award has been granted to Dr. Maria Michela Cesare, a PhD student from Department of Life Science, University of Siena, Italy. Her research focuses on characterization and evaluation of the nutraceutical capacity of plant extracts from Tuscan native plants.

With so many high-quality applicants, the evaluation process and final decision were challenging. We would like to thank all the applicants for submitting their diverse and fascinating range of research topics. On behalf of the assessment committee, I congratulate the winner on her accomplishments.
