Università della Basilicata, Via  
dell'Ateneo Lucano 10, 85100  
Potenza, Italy

### Message from the Guest Editors

Dear Colleagues,

The chemistry of heterocyclic compounds is one of the biggest branches of the chemical literature because of the variety of chemical reactions that heterocyclic compounds can undergo, but also because of the numerous applications of their derivatives. The aim of this Special Issue is to collect articles (original research articles and reviews) on heterocyclic compounds, on their derivatives, and of course, on the numerous and varied applications of these compounds, so that scholars in this field can find interesting information on this subject.

Deadline for manuscript  
submissions:

**31 October 2024**

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Wim Dehaen

Molecular Design and Synthesis,  
Department of Chemistry, KU  
Leuven, Leuven Chem&Tech,  
Celestijnenlaan 200F, B-3001  
Leuven, Belgium

## Message from the Editor-in-Chief

*Organics* is a new open-access journal that offers rapid dissemination of innovative, informative, and impactful results in every aspect of organic chemistry, with a particular emphasis on new or significantly improved research results in the field of organic chemistry. The aim of this journal is to encourage scientists to publish their experimental and theoretical results in great detail to facilitate the advancement of organic chemistry. Sample research topics that span the journal's scope are organic synthesis, synthetic methodology, theoretical organic chemistry, physical organic chemistry, supramolecular and macromolecular chemistry, heterocyclic chemistry, organocatalysis, bioorganic chemistry, organometallic chemistry, functional organic materials, etc. We are flexible with the types of manuscripts accepted, including original research articles, short communications, highlights of new developments and insightful critical reviews.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [ESCI \(Web of Science\)](#), [CAPlus / SciFinder](#), and [other databases](#).

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 27.5 days after submission; acceptance to publication is undertaken in 12.6 days (median values for papers published in this journal in the second half of 2023).
