Pathobiology, College of
Veterinary Medicine & Biomedical
Sciences, Texas A&M University,
College Station, TX, USA

Deadline for manuscript
submissions:

closed (31 December 2023)

Message from the Guest Editors

Dear Colleagues,

We are pleased to announce this Collection titled “Editorial Board Members’ Collection Series: Parasites Infection and Immunity”, which will collect papers invited by the Editorial Board Members.

The aim of this Collection is to provide a venue for networking and communication between *Pathogens* and scholars in the field of parasite infection and immunity. All papers will be published in open access following peer review.

Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics. *Pathogens* is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

Journal Rank: JCR - Q2 (*Microbiology*) / CiteScore - Q2 (*General Immunology and Microbiology*)
