Deadline for manuscript submissions:

closed (1 September 2023)

Message from the Guest Editor

Dear Colleagues,

We cordially invite all global scientists to submit their research papers on the topic of "Innovations in Controlled Release Formulations" for publication in our upcoming Special Issue. The aim of this Special Issue is to highlight the latest advances, research, and developments in the controlled release formulations field of for pharmaceuticals, nutraceuticals, and functional foods. We welcome papers that cover various aspects of controlled release systems, including, but not limited to, design, development, characterization, in vitro as well as in vivo evaluation, and commercial applications. contribution will provide a valuable addition to the existing knowledge and help advance the field of controlled release formulations. We look forward to receiving your submissions and publishing your research.

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Pharmacology & Pharmacy*) / CiteScore - Q1 (*Pharmaceutical Science*)
