Message from the Guest Editor

The aim of this Special Issue titled ‘Natural Compounds—Successful Solutions for the Medical Challenges of the 21st Century’ is to provide an update regarding the phytochemical composition of plant extracts accompanied by studies on the biological activity of plant extracts or isolated phytochemicals. Experimental /clinical research papers and in depth reviews are welcome.

Deadline for manuscript
submissions:

Message from the Editor-in-Chief

Plants is an open access journal which provides an advanced forum for research findings in areas related to plant function, its physiology, biology, taxonomy, stresses, and its interactions with other organisms. It publishes original research articles, reviews, reports, conference proceedings (peer reviewed full articles) and communications. In original research papers, it is important that full experimental details are provided. We also encourage timely reviews and commentaries on topics of interest to the plant research community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, AGRIS, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Plant Sciences*) / CiteScore - Q1 (*Plant Science*)
