2022 OUTSTANDING REVIEWER AWARD
WINNERS

Dear Colleagues,

We are pleased to announce the winners of the *Polymers* 2022 Outstanding Reviewer Award. The *Polymers* Editorial Board and Editorial Team would like to gratefully acknowledge the time and energy dedicated by reviewers in checking the manuscripts submitted to *Polymers*. It is due to their efforts that the high quality of the journal and quick turnaround is maintained.

Prof. Dr. Yiwen Li

College of Polymer Science and Engineering, State Key Laboratory of Polymer Materials Engineering, Sichuan University, Chengdu, China

Research Interests: poss; polydopamine; hydrogel; self-assembly; biomaterial

Prof. Saulius Grigalevicius

Department of Polymer Chemistry and Technology, Kaunas University of Technology, Kaunas, Lithuania

Research Interests: materials; material processing; material characterization; advanced materials; thin films and nanotechnology

Dr. Mirela-Fernanda Zaltariov

Inorganic Polymers Department, “Petru Poni” Institute of Macromolecular Chemistry, Iasi, Romania

Research Interests: metal-organic frameworks; silicones; polymeric blends; polymer composites; self-assembled networks

Dr. Narsimha Mamidi

School of Pharmacy, University of Wisconsin-Madison, Madison, USA

Research Interests: chemistry; nanomaterials; biomaterials; nanotechnology

Dr. Nikolaos Politakos

Polymat, Applied Chemistry Department, Faculty of Chemistry, University of the Basque Country, Donostia-San Sebastián, Spain

Research Interests: polymer synthesis and characterization, preparation of composite materials, synthesis of responsive copolymer brushes from surfaces, preparation of 3D sponges such as graphene oxide materials for CO₂ capture and photocatalysis, synthesis of hydrogels for wound healing

The Prize for Each Winner:

-CHF 500;

-A certificate.
