Measurement and Modelling of Food Processes

Guest Editors:

Prof. Dr. Bernd Hitzmann
Department of Process Analytics and Cereal Science, Institute of Food Science and Biotechnology, University of Hohenheim, 70599 Stuttgart, Germany

Dr. Viktoria Zettel
Department of Process Analytics and Cereal Science, Institute of Food Science and Biotechnology, University of Hohenheim, 70599 Stuttgart, Germany

Deadline for manuscript submissions:
closed (15 September 2023)

Message from the Guest Editors

This Special Issue on "Measurement and modelling of Food Processes" seeks high-quality works focusing on the latest novel advances in food processing technology. Topics include, but are not limited to:

- Spectroscopic measurement systems, image analysis, and process analyzers to enhance the knowledge about food or improve food production;
- Application of chemometric models, PCR, PLSR or neural networks as data-driven modelling tools for food process analysis;
- Mechanistic models used as observers during food processing;
- Industrial application of measurements and modelling for food processing;
- Data evaluation algorithms (e.g., machine learning).

Special Issue

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto
Department of Drug Science and Technology, University of Turin, Via P. Giuria 9, 10125 Turin, Italy

Message from the Editor-in-Chief

Processes (ISSN 2227-9717) provides an advanced forum for process/system-related research in chemistry, biology, material, energy, environment, food, pharmaceutical, manufacturing and allied engineering fields. The journal publishes regular research papers, communications, letters, short notes and reviews. Our aim is to encourage researchers to publish their experimental, theoretical and computational results in as much detail as necessary. There is no restriction on paper length or number of figures and tables.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.
Journal Rank: JCR - Q2 (*Engineering, Chemical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
