Message from the Guest Editors

Dear Colleagues,

We would like to invite you to contribute to our Special Issue ‘Experimentation, Optimization and Simulation of Drying Processes of Agricultural Food Products and Materials’.

This Special Issue will provide an in-depth understanding of the complexities and computational solutions of the drying processes of agricultural food products and materials. The use of models or simulations is the most popular way to sound engineering decisions concerning new process concepts involved in drying processes to achieve optimal energy utilization, environmental protection, and quality improvement of dried products for consumer acceptability, food sustainability, security, and prolonged storage periods.

Deadline for manuscript submissions:

30 June 2024

mdpi.com/si/192630

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Department of Drug Science and
Technology, University of Turin,
Via P. Giuria 9, 10125 Turin, Italy

Message from the Editor-in-Chief

Processes (ISSN 2227-9717) provides an advanced forum for process/system-related research in chemistry, biology, material, energy, environment, food, pharmaceutical, manufacturing and allied engineering fields. The journal publishes regular research papers, communications, letters, short notes and reviews. Our aim is to encourage researchers to publish their experimental, theoretical and computational results in as much detail as necessary. There is no restriction on paper length or number of figures and tables.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, Inspec, AGRIS, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Chemical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
