

remote sensing

Dear Colleagues,

We are pleased to announce the winners of the *Remote Sensing* Travel Award for 2022.

2022 TRAVEL AWARD WINNER

The award has been granted to Ms. Ana Novo, who is working at the Applied Geotechnologies Research Group, University of Vigo, and Ms. Renée Mie Fredensborg Hansen, who is a PhD student at the Technical University of Denmark and Norwegian University of Science and Technology (in collaboration with The University Centre in Svalbard).

With so many high-quality applicants, the evaluation process and final decision were incredibly challenging. We would like to thank all the applicants for submitting their diverse and fascinating range of research topics. On behalf of the Assessment Committee, we would also like to congratulate the winners on their accomplishments.
