

sensors

Dear Colleagues,

On behalf of the award committee I am pleased to announce the winner of the *Sensors* 2022 Travel Award in Intelligent Sensors and Smart Sensing.

2022 TRAVEL AWARD WINNER

The award has been granted to Ms. Ana Catarina Pelicano, a Ph.D. student at the Faculty of Science, University of Lisbon, Lisbon, Portugal. She will be awarded CHF 600 to attend the 16th European Conference on Antennas and Propagation (EuCAP) 2022, to be held in Spain.

With so many high-quality applicants the evaluation process and final decision were challenging. We would like to thank all the applicants for submitting their diverse and fascinating range of research topics. On behalf of the assessment committee, we congratulate the winner on her accomplishments.

Kind regards,
Sensors Editorial Office
