

sensors

Dear Colleagues,

On behalf of the award committee, we are pleased to announce the winner of the *Sensors* 2022 Travel Award in “Internet of Things and Sensor Networks”.

The award has been granted to Mr. Muhammad Sarmad Shahab Mir, a Ph.D. student at University Carlos III de Madrid and Marie-Curie early-stage researcher at IMDEA Networks, Madrid, Spain. His research interests focus on visible light communication (VLC), radio frequency (RF) backscatter communication and battery-less IoT design.

2022 TRAVEL AWARD IN INTERNET OF THINGS AND SENSOR NETWORKS

WINNER

With so many high-quality applicants, the evaluation process and final decision were challenging. We would like to thank all the applicants for submitting their diverse and fascinating range of research topics. On behalf of the assessment committee, we would like to congratulate the winner on his accomplishments.
