Poland

### Message from the Guest Editors

This Special Issue is dedicated to promoting research on the latest multidisciplinary research on the concepts of smart economy, smart mobility, smart environment, smart living and smart governance applied in smart cities in order to develop the idea of smart cities. Any research that includes analysis on smart cities, developed mathematical, business and descriptive models, calculations, forecasts, plans and development analyses, comparative analyses, advanced literature reviews, reviews, case studies, guidelines and theoretical and practical studies are warmly welcome.

Deadline for manuscript  
submissions:

**closed (29 February 2024)**

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Pierluigi Siano

Department of Management and  
Innovation Systems, University of  
Salerno, 84084 Salerno, Italy

## Message from the Editor-in-Chief

*Smart Cities* provides an advanced forum for the dissemination of information on the science and technology of smart cities. It publishes reviews, regular research papers (articles) and communications in all areas of research concerning smart cities. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the length of the papers so that the full experimental results can be reproduced. Manuscripts regarding research proposals and research ideas are particularly welcome.

## Author Benefits

**Open Access:**— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [ESCI \(Web of Science\)](#), [Inspec](#), [AGRIS](#), and [other databases](#).

**Journal Rank:** CiteScore - Q1 (*Urban Studies*)
