Message from the Guest Editors

Dear Colleagues,

The Special Issue aims to encourage the research and practical community to introduce innovative methods, technologies, and techniques to construction, the civil sector, and infrastructure. The SPECIAL ISSUE may contribute to the dissemination of 4.0 industrial revolution technologies to the academic and the practical community involved in construction, the civil sector, and infrastructure, hence assuring sustainability in the profession. The Editorial Board encourages you to submit academic and practical papers. including case studies. Papers may include the application of 4.0 industrial revolution technologies to the construction, civil sector, and infrastructure community enhancing sustainability.

Prof. Dong-Eun Lee

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
