

Governing for Sustainability in a Changing Global Order

Collection Editor:

Prof. Oran Young

Bren School of Environmental
Science and Management,
University of California, Santa
Barbara, CA, USA

Message from the Collection Editor

This Collection will bring together a collection of articles that address this challenge from a variety of perspectives. Some of the articles in the collection will approach these challenges in broad terms, asking questions about the changing character of the international order and the implications of this change regarding governance for sustainability. Other contributions will drill down on particular policy concerns, considering how responses to specific issues may feed into larger developments in the overarching global order.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
